Nature and involvement of Faculty and students in academic affairs

The institute stresses on two-way communication and participative mode of teaching guided by the principle of “Learn, Un-Learn and Re-Learn”. As working candidates constitute a considerable fraction of the students, their experiences are shared in the classroom to have a blend of academics with industry. Apart from traditional pedagogy of chalk-n-talk, case studies and power point presentations and e- learning methods are encouraged to read business dailies and magazines and discuss the recent happenings in class in the light of the theoretical inputs received in class. Such discussions are usually in the form of presentations or group discussions. The institute supports research-based study by encouraging students to do assignments which require exploring facts and database outside text and reference books. Participation in seminars, workshops, conferences, talk shows and writing research papers by the students are encouraged. The students are assigned the responsibilities to conduct similar events in the Institute so that they can gain first-hand experience in Technology. Value-enhancing short courses are conducted by arranging summer & winter schools. The institute organizes regular workshops, lectures by eminent persons from Industry to enhance the employment potential of the students. Requirements of students and their feed- back are considered seriously.

Mechanism / Norms & Procedure for democratic / Good Governance
